The early learning years signify a phase of tremendous growth and development. At Fleming Early Learning Centre, we aim to provide a caring, happy environment for your child where he / she can grow emotionally, socially, physically and intellectually. Our curriculum is play and exploration based. We nurture each of our children and guide them towards independence and self-confidence, preparing them for the pre-primary school years.

We strongly believe in a sound home/school relationship to aid your child's development, making these early years happy and meaningful. We value open communication between staff and parents. Please feel free to discuss any concerns with us.

SCHOOL TIMES

School **Starts at 8:20am and ends at 12:30pm with flexible pick up time to 1:30.** There is a teacher or an assistant teacher on duty at 7.15am should you need to drop your little one off early. The teacher or assistant may not necessarily be your child's teacher or assistant teacher.
